

Theme

- During this term, the children in Year 2 will be exploring our planet.
- We will be investigating animals and their habitats, as well as discovering the eco-problems with our planet and how to overcome these.

English

- Ocean animal fact files.
- Story writing based on the journey of litter.
- Eco-awareness leaflets for the local community.
- Letters to parents inviting you to our 'Eco-Fair'.

Science

- As scientists, we will be exploring habitats, food chains and life cycles and investigating the attributes of living things.
- We will also be observing and describing the process of plants growing and will investigate what plants need to survive.

Computing

- We will conduct our own research to learn more about animals, habitats and our local area. We will use this information to present data and produce leaflets.

Maths

- We will be consolidating our number work and place value including addition, subtraction, multiplication and division.
- We will continue to work on our basic counting and number skills, with a big focus on the 2, 5 and 10 times tables.
- We will use mathematical skills to solve problems, undertake investigations and develop reasoning in our answers.

Year 2 Term 3: 'Blue Planet'

- As artists, we will be using a range of materials to convey messages about protecting the planet and animal and plant life cycles.

- In **PSHE**, we will explore changes in ourselves and healthy relationships.

- As musicians, we will work together on our performance skills to learn and present a musical piece.

RE

- We will learn about believing and religious stories.

PE

- By the end of this term, we will be able to demonstrate our ability to play team sports.
- We will also be working on our orienteering skills.
- During the summer term, we will be showcasing our athletic skills in our annual sports day.

WOW EVENTS!

- We will be visiting The Deep as one of our learning experiences.
- Keep an eye out for us, as we will be heading into the local area spreading our eco message.
- At the end of the topic, we hope you can join us at our joint 'Eco-Fair' showcase with year 5.

Design and Technology

- One of our main projects will be investigating strengthening structures to produce models to showcase at the fair.
- We will also be gathering litter to transform into a piece of art with a message.

Geography

- We will be exploring our local area. As part of this, we will be using maps, timetables and non-fiction materials to plan our own school trip.
- We will also be demonstrating our knowledge of compass points to navigate our way around our local area.
