

Fun activity - Salt water and egg challenge

You will need:

- Two eggs
- Water
- Two glasses
- table salt
- Spoon

Method:

1. Fill both glasses with water.
2. Add salt to one and stir in.
3. Predict what you think will happen to each egg. (Remember a prediction is a guess)
4. Carefully place an egg into each glass of what.
5. Record what you found. Was your prediction correct?
