

Friday 23rd October 2020

Overall Objective :

To identify similarities and differences between creation stories from different faiths.

Learning Outcome :

I can understand The Big Bang Theory.

I can understand how our World was created.

The Big Bang Theory

Read The Big Bang Theory Powerpoint.

Answer the following questions,

What is The Big Bang?

When did it happen?

What evidence is there to support the theory?

Using all your knowledge and research gained from our theme so far,
I design your own planet that could fit into our Solar System.

Be as creative as you wish and make sure you include a written explanation informing me what your planet is called and anything special about it.
