Overall Objective :

Make predictions about the main events of a text.

Learning Outcome :

I can predict what might happen. (ARE).

### Aliens Love Underpants

<https://www.youtube.com/watch?v=HmYqb4mJO7Y>

Aliens love underpants of every shape and size. But there are no underpants in space so here's a big surprise. When aliens fly down to Earth they don't come to see you. They simply want your underpants I'll bet you never knew. Their spaceship's radar beeps and blinks the moment that it sees a washing line of underpants all flapping in the breeze. They land in your back garden though they haven't been invited. "Ooooh underpants!" they chat and dance around delighted.

#### Task

Write a prediction based on what we have read so far.  
Use these questions to help your answers.

What will happen in this story?

Why do aliens love underpants?

What mischief will the aliens get up to?

Overall Objective :

Ask and answer questions about a text.

Learning Outcome :

In a book that I can already read fluently, I can answer questions. (ARE).

### Aliens Love Underpants

They like them red, they like them green, or orange like satsumas. But best of all they love the sight of Granny's spotted bloomers. Mum's pink frilly knickers are a perfect place to hide and Grandpa's woolly long johns make a super-whizzy slide. In daring competitions held up by just one peg, they count how many aliens can squeeze inside each leg. They wear pants on their feet and heads and other silly places, they fly pants from their spaceships and hold upside-down-n-pant races!

1. What colour underpants do the aliens like?
2. What is special about Granny's knickers?
3. Which character's feature in this part of the book.

Mum	Dad	Granny
Grandpa	Uncle	Auntie

Circle the correct characters.

4. What races do the aliens hold?
5. Sequence the events in order using numbers.  
The first one has been done for you.
