

Bricknell Primary School

Languages Long Term Plan

At Bricknell Primary School, MFL is taught throughout these Key concepts:

Languages are taught progressively through the 3 pillars of:

- **Phonics** (the system of the sounds of a language and how these are represented in written words)
- **Vocabulary** (building a body of useful words for different contexts and situations to enable communication and understanding)
- **Grammar** (including syntax and inflectional and/or derivational features ie: the systems for changing the form of a word and for creating new words respectively)

For most pupils, they will be beginners when learning a new language. Their main tasks will therefore be to:

- Learn the sounds, vocabulary and grammar of the language
- Understand and produce these then they are combined

To develop these key areas, the curriculum has been structured progressively through these second order concepts:

- Listening
- Speaking
- Reading
- Writing
- Grammar

Each unit of work covers all of these aspects, including the development of phonics and vocabulary.
