Second Order Concepts Within guided reading sessions, children are taught a range of skills in order for them to understand texts.

- **Vocabulary** Children are exposed to increasingly adventurous vocabulary in order to widen their knowledge and understanding.
- **Inference** Children are taught to draw conclusions based on their reading both explicit and implied information.
- **Prediction** Using prior knowledge, children are taught to predict what may happen next.
- **Explain** Using prior reading of the text, children are taught to explain events of the text.
